Award Description	There are many barriers to small-scale solar adoption by individual customers in Seattle, where available hydro-based electric power is cheap, solar access is limited for many, and installation costs are high. Seattle proposes to overcome these barriers by launching a Community Solar project in Seattle. The Solar Market Transformation award will fully fund the first Community Solar Project construction, a 30-60 kW photovoltaic facility. Special Project Funds applied to the first Community Solar installation will be recouped through Community Solar participation: customers' purchase of 'shares' will provide ongoing revenue that a Solar Fund will use to seed future Community Solar or other city-owned solar projects. These projects will directly result in the expanded capacity of solar energy in Seattle and
